MINSTREL SHOW BY AMERICAN LEGION WILL BE STAGED

FIRST MEETING TO BE HELD
TUESDAY NIGHT TO MAKE
PLANS FOR BIG SHOW

All aboard for the minstrels!
The American Legion determined last night to stage a big show in the early summer and named Charles B. Guthrie, realtor, chairman of the minstrel show committee.

R. D. Crawford, who is an experienced minstrel man, having had his own road companies, will have charge of the music; A. K. Lewis with his great experience in training musicians and singers will select the chorus and Joe Griffin, monologist, will be responsible for the jokes.

The first meeting of the minstrels will be held Tuesday night of next week when every man who is interested is requested to be at the American Legion hall.

Clubhouse Is Urged

Jamie Shea was named new chairman of the entertainment committee which arranges Saturday night dances and he announced that the first would be held April 9. Gordon Clayton of the program committee stated there would be a good boxing card April 22, while Dwight Stephenson made an appeal for more action in Legion matters.

An American Legion clubhouse was urged by Charles B. Guthrie, who showed where lack of action in the past had lost to the Legionnaires a good site for their own home as well as a good profit from the rentals for storekeepers on the first floor of the building. He cited the Los Angeles Country club as a small organization which had made a million out of real estate.

The necessity for a censor committee on ex-service men soliciting funds was called to the attention of the post commander and it is announced that when anyone claims to be an American Legion man "out of luck," the case should be reported to E. O. Kiefer, phone Glendale 291.

Each case will be investigated and fakers kept out of town, while those in need of aid will be given it or if they wish to sell something they will be given a letter from the Legion.

Safer To Ride In Ford, Boy Decides

"Whitey" is a mule.

James Perry, aged 11, son of Mr. and Mrs. Peter L. Perry, 614 East Acacia street, noticed that the mule needed exercise so he invited Merton Mosher, aged 12, to go riding with him the other day.

James hopped on and grabbed the steering gear in the way of a halter while Merton brought up the rear. The joy ride went well until "Whitey" decided to eat some grass along the curb.

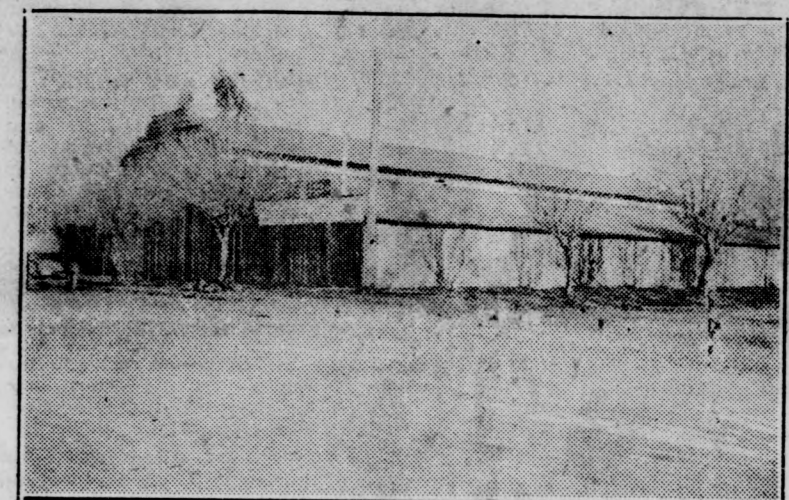

There the trouble began. James thought he would get off. Without a saddle he decided to slide over "Whitey's" head.

Which was insulting to the mule and it gave a lurch that sent the boy spinning. He landed on his left arm and it was broken in the fall.

This morning he confided: "I'm not going to ride a mule any more; it's safer to ride in a Ford."

Scores Of Men From All Walks Of Life Will Complete Building Of Evangelist Tabernacle

The big tabernacle which will take care of the John E. Brown union evangelistic meetings, which will begin on April 17, is all ready for the force of volunteer workers to begin Monday morning, bright and early. Scores of men from all walks of life will wield saw and hammer and plane till the big meeting house is completed. This will take some three or four days. One of the features will be the help of a large committee of women who will furnish the "eats" which will be served each noon at the First Methodist church, for all workmen.

This is the way the John E. Brown Union Evangelistic tabernacle will look when completed at the corner of Harvard and Orange

and others who think they are workmen, for even the ministers will, at least, "work" at meal time.

Mr. W. E. House, the advance man for Evangelist Brown, is on the job and has already had the frame of the building put up. It covers nearly the whole of the fine site at the corner of Harvard and Orange streets, which will be of easy access for crowds from all parts of the city.

Committees which have in charge preparation for the meetings are all getting organized and will have special meetings this coming week and have everything prepared for a 100 per cent start on April 17, two weeks from tomorrow. Evangelist Brown is well known here, having held a series of meetings here, and every evangelical church in Glendale is backing this coming campaign.

All men who will be glad to give their services for a day or more or less to the construction of this tabernacle are asked to report for work, with tools, corner Harvard and Orange.

FIRST PROGRAM GIVEN BY LOCAL MUSIC CLUB COMPLETE SUCCESS

American Compositions Are Presented by Four
Artists at High School Last Night

Glendale might well be termed the city of music lovers if one were to judge by the response of the people of this city to the invitation of the Glendale Music club to attend the first open program, which was given in the Glendale Union High school auditorium last night and consisted of an evening with American composers. The auditorium was filled long before 8 o'clock by people who were anxious to hear the musical treat in store for them.

Mrs. Mattison B. Jones, president of the Glendale Music club, on behalf of the officers of that organization, greeted the audience and presented

the program of American music. As stated by Mrs. Jones, the large audience spoke well of the interest in music and especially American music, as there were several other events of interest in Glendale last night.

Artists Who Appeared

The artists who presented the program for the evening were:

Gertrude Ross, composer-pianist.
Jessie MacDonald Patterson, soprano.

Alexander Salslavski, violin.
Martina Towler, piano.

MOTION PICTURES OF MASONIC HOMES SHOWN AT GATHERING

Representative of Grand Lodge Gives Lecture Last
Night; Son of Maude Booth Speaks

Members of Unity lodge No. 368, F. & A. M., and their wives and visiting Masons were present at the Masonic temple last night and enjoyed an evening of motion pictures of the Masonic homes of California. Henry P. Goodwin, master of Unity lodge, introduced Major Howard Tracy, representative of the grand lodge of Masons of the state of California, who gave a lecture, accompanied by four reels of motion pictures. One reel showed the Masonic home for the aged at Decoto, Cal. The other three reels showed the Masonic home for children at Covina. These films were very interesting and showed the various activities at both of these homes.

Charles Brandon Booth, who is the son of Maude Ballington Booth, the

founder of the Volunteers of America, gave a very interesting talk on constructive prison reform. Mr. Booth was introduced by Past Master Frederick Baker.

The eighth of May will be commemorated as Mothers' Day at the Masonic home at Covina. Unity lodge, in conjunction with the Royal Arch chapter, the Commandery and the Eastern Star, are planning to be well represented at the institution on this day.

April 30 William Rhodes Hervey, past grand master of the grand lodge of California, will speak to master Masons only at the Masonic temple. Mr. Hervey was formerly a judge of the superior court of Los Angeles and is a very forceful and eloquent speaker.

\$28,000 IN PERMITS FOR BUILDINGS IN TWO DAYS

TERRIFIC PACE OF CONSTRUCTION
ACTIVITY MAINTAINED
DURING EARLY APRIL

With approximately \$28,000 in permits issued in April up until noon today, Glendale is keeping up its terrific pace of building activity that is attracting country-wide attention. V. M. Hollister of the Valley Supply company took out a \$10,000 permit this morning for a warehouse building on Maryland avenue.

Among the many who are contemplating building at present, O. A. Fish and O. W. Tarr, of the Chevrolet agency, have purchased a lot at 506 East Broadway on which they plan to erect a one-story salesroom.

April 13 Evil Omen For Man Arrested Here On 3 Charges

April 13—that's the date set for trial of Emil Spitzer, arrested here following his marriage by Justice of the Peace Harry M. Miller to what is said to be Wife No. 2. He faces charges of—

Bigamy
Forgery
Embezzlement.

And after the superior court is through with him it is understood that the Federal authorities will hold Spitzer for deportation.

All culminating from the wedding shortly after midnight of New Year's Day.

Wonderful Future Seen For Glendale

Mr. and Mrs. E. J. McNeeley of Tacoma, Wash., are guests today at the E. P. Hayward home, 200 North Louise street. They are wintering in Pasadena. Some interesting information is given about the lumber situation by Mr. McNeeley, who is connected with the Eatonville Lumber company in the state of Washington.

"Lumber prices are very low at present at the mills, although I see an improvement in general conditions. The export business is picking up and the increasing demand is bound to affect the present prices."

"Southern California, especially in the vicinity of Los Angeles and right here in Glendale in particular, you are in the midst of the only building activity being carried on in the United States."

Mr. McNeeley, who has traveled the world over, sees a wonderful future for Glendale as a residential center and he is high in his praise of the beauties of the Verdugo mountains.

High School Students Enjoy Swimming Party

About a dozen high school boys, all students in the local institution and members of the Presbyterian "Hi-Y" society, enjoyed their first monthly swimming meet this morning at the reservoir located on Thom's ranch in Casa Verdugo. Livingston Thom, son of the owner of the ranch, was the host of the boys.

Fred Stofft, who is president of the organization, is enthusiastic over the activities planned for the near future, and he claims that those who are eligible and not members are missing a lot. At their regular meeting held Thursday evening at the Y. M. C. A. headquarters in the T. A. Wright building the boys initiated several new members.

REPORT PHONOGRAPH STOLEN

W. A. Burns of 132 South Louise street reports to the police that a phonograph which he had stored in his garage was stolen April Fool's eve. Dr. Henry Harrower called an officer to investigate the theft of a carpenter's tool chest which was found in a nearby orchard minus the tools.

Wistaria Vines On Riverdale Drive Attract Attention; Purple, White Blooms Beauties

Riverdale Drive is now a-bloom with the gorgeous wistaria, both purple and white, of several species.

In England the wistaria is often called the kidney-leaf tree, in Australia the grape-flower vine, due to its bloom being similar in shape to a bunch of grapes.

As one goes west from Central avenue a beautiful vine with large pendant purple clusters is seen at the corner of the porch of Mrs. Eleanor Squire's bungalow at 332 Riverdale Drive.

On the two-story house of S. C. Packer at 362 the vine reaches up to the second floor and is heavily laden with white flowers.

At 363, Mrs. M. J. Patterson has long purple blooms at one end of the porch.

A. S. Chase of No. 400, has the

large purple clusters drooping from a pergola which extends out to the sidewalk.

But Edmond S. Shank of 483 Riverdale has the most superb vines on the street. The east side of the house and one-half of the front is almost a solid mass of white blossoms, of a different species from any others on the street the flowers standing out straight or gently drooping instead of the usual pendant clusters.

The other half of the front and the west side is covered with purple blossoms, the vines reaching to the top of the two-story house. These massive vines are fourteen years old, and are eight or more inches in diameter at the base.

It is well worth going out of one's way to see these gorgeous flowering vines now in full bloom.

Today's World News In Brief

(Special Service to Glendale Evening News)

MYRON T. HERRICK TO BE AMBASSADOR TO FRANCE
WASHINGTON, April 2.—Announcement of the appointment of Myron T. Herrick, as ambassador to France will be made as soon as a formal inquiry as to his acceptability can be sent to Paris and an answer received, it was indicated at the White House today.

CARL WILL BE PERMITTED TO RETURN TO SWITZERLAND
GENEVA, April 2.—The Swiss general council has decided provisionally to permit former Emperor Carl to return to this country. Among the promises which will be exacted from Carl will be to abstain from political propaganda and not leave Switzerland again without formal notice.

DEAN IN SYRACUSE UNIVERSITY SLAIN BY PROFESSOR
SYRACUSE, April 2.—Dean John Harman Wharton, head of the College of Business Administration of Syracuse university, was killed in his office today by Professor Holmes Beckwith, a subordinate, who then shot himself through the head, police said. Both were dead when found by the attaches of the office. Wharton is alleged to have reprimanded Beckwith in connection with his work at the college.

CARL SAYS HE STILL CONSIDERS HIMSELF AS KING
VIENNA, April 2.—Former Emperor Carl still considers himself king of Hungary and intimated before his departure, for Switzerland that he might make another attempt to regain the Hapsburg throne. This information was contained in a dispatch received today from Steinamanger, where Carl made his headquarters during his attempted coup.

BUILDING TRADE WORKERS ARE VOTING ON STRIKE
CHICAGO, April 2.—Building trade workers, numbering 58,000, were preparing today to vote on whether they will accept a wage reduction. The decision to call a referendum on the proposal of contractors that wages of skilled employees be cut from \$1.25 to \$1 an hour and unskilled from \$1 to 75 cents an hour, was reached by the hour and unskilled from \$1 to 70 cents an hour, was reached by the result will be made public next week.

DREAM OF RETURN TO THRONE IS DEFINITELY ENDED
VIENNA, April 2.—Officially repudiated by both Hungary and Austria, the former Emperor Carl was on his way back to Switzerland today, his dream of a return to the Hapsburg throne definitely ended. Within the short space of twenty-four hours his status had changed from a potential king to that of a courtless jester. Under a Spanish safe conduct and in virtual custody of two British army officers, Carl left Steinamanger for the Swiss border yesterday in a special train. Elaborate preparations were made to guard the train as it passed through this and other Austrian cities. The Austrian parliament, by an unanimous vote, declared in favor of continuation of the republic as against restoration of the Hapsburg dynasty.

SINKING OF STEAMER GOVERNOR BEING INVESTIGATED

SEATTLE, April 2.—With the number of lost placed at ten, an inquiry today is being conducted into the collision early yesterday that resulted in the sinking of the steamship Governor by the freighter West Hartland. Official checking of the Governor's passenger list by the Pacific Steamship company, definitely established last night that ten of the 297 passengers and crew were missing and probably drowned. The final list was made public as follows. Passengers: V. Brulsema and F. Sheek, San Francisco; J. Clancy and Alfred Kaseau, Los Angeles; Mrs. W. W. Washburn, Jr., and two daughters, Sadie and Olene of Neah Bay, Wash. Crew: G. Christensen, junior second assistant engineer; G. M. Aubritton, oiler, and H. Webster, waiter.

MOVIE CENSORSHIP BILL IS TABLED BY COMMITTEE

SACRAMENTO, April 2.—The Hurley movie censorship bill was tabled by the public morals committee of the assembly. Hurley waived consideration in favor of the Eden senate bill establishing a state board of review. The first work toward reorganization of the state government started last night when Will Fischer, representing the Taxpayers' Association of California, appeared before the senate and assembly committees. Fischer presented and outlined his plan for reorganizing the government under thirteen departmental heads. He criticized the governor's proposed reorganization plan, declaring it would make "a colossus out of the board of control." The Wright prohibition enforcement act will be a special order of business in the assembly Tuesday. The assembly corrections committee reported out without recommendation the act repealing the act creating the home for delinquent women. Tuition fees for non-resident and foreign students provided in the Carr measure reported favorably out of the senate university committee.

Form Athletic Club; Ball Game On Sunday

The Glendale Athletic club has been organized by H. E. Crane of 1414 San Fernando Road and W. R. Coyart of 330 Oak street. Grounds located at San Fernando and Park avenue. A grandstand has been erected. The diamond has been put in excellent condition.

The Tropico baseball club will initiate the new grounds Sunday at 2:30. They will meet the Marble Gilding company. The Tropico lineup is as follows: C. Cray will be on the mound; McMullen will work behind the plate; Crane first base; Flanders second; Flores short stop; Acosta third; left field Gabaig; center Dodge and Galbaig. A fast game has been guaranteed. Everybody is invited. Refreshments will be served on the grounds.

Glenwood Road Sought Instead Of Sixth Street

Petitions are being circulated among residents of Sixth street in the Grand View section of Glendale which call for the changing of the name of that thoroughfare to Glenwood Road. Mr. and Mrs. Charles E. Elsperson are instrumental in having the name beautified along with the tree planting and other means of making that part of the city more attractive to the home seeker. It is said that there is little opposition to the proposal which will likely come before the City Board of Trustees at its meeting next Thursday night.

R. E. Taylor Coming To Make Home Here

R. E. Taylor, a retired engineer and inventor of New York City, has purchased through the Glendale Homes company the Jackman place at 1239 South Glendale avenue and will arrive here with his family about April 15. Improvements are now under way to make his residence one of the most comfortable and convenient in the city, according to O. J. DeMars of the realty concern.

Thank Evening News for Space Given to Easter Sunrise Service

Glendale, Calif.,

Mr. A. T. Cowan, Publisher,
Glendale Evening News,
Glendale, Calif.

Dear Mr. Cowan: On behalf of the Young People's Societies of Glendale we wish to thank you for the space so generously allowed for items regarding the Easter sunrise service.

The best of public services are of little value unless folks know about them. Your splendid co-operation in Glendale community affairs helped to make this one a success.

Thank you.
Very truly yours,

whom she had not seen for eighteen
years; Mrs. Pamela Farington of
Pittsburg, California, and Mrs. Ida
Reuber, neither of whom she had
seen in thirty-one years; Mrs.
Loomis' brother, G. S. Graves of Los
Angeles; Mr. Loomis' son and
daughter-in-law, Mr. and Mrs. B. O.
Loomis, and Miss Ida Hock.

PROGRAM GIVEN BY GLENDALE MUSIC CLUB SUCCESS

ORGANIZATION COMPLIMENTED
UPON EXCELLENCE; LARGE
AUDIENCE IS PRESENT

(Continued from Page One)
was a series of four pieces on the
Ampico, which included:
Witch's Dance...Edward MacDowell
Water Lily...Edward MacDowell
Sonata, Op. 53 (second movement)
Charles Wakefield Cadman
Narcissus...Ethelbert Nevin

Series of Five Art Songs
Gertrude Ross of Los Angeles then
presented a series of five art songs of
Japan, her own compositions. She
very charmingly explained that the
themes of these were taken from Jap-
anese poetry and were very short, but
typical of the art of Japan. They
suggested but do not weigh down with
detail. Gertrude Ross at the piano
was assisted by Jessie MacDonald
Patterson, soprano. Their first num-
ber included:

Old Samurais Prayer.
Butterflies
Fireflies
Slumber Song of Izumo
Ode to Fuji.
The composer explained the origin
of the theme of each of these com-
positions before playing them. Some
of the themes were based on Jap-
anese poetry, folklore and the music
of the Samsan and Koto. The "Old
Samurais Prayer" was founded on a
poem written 300 A. D. These pieces
were all very short, but delightful in
composition and execution. Gertrude
Ross and Jessie MacDonald Patter-
son were each presented with a very
beautiful bouquet of sweet peas amid
the hearty applause which followed
their numbers.

Interpretation by Violinist
The next treat in store for the
audience was the interpretation by
Alexander Salsavski, violinist, ac-
companied by Merrianna Towler at
the piano, of the "Sonata in A
Major" composed by Harold Webster
of Los Angeles, and which was writ-
ten in three parts: (1) Allegro con
brio, (2) Larghetto, (3) Presto. This
sonata won the prize given by the
National Federation of Music for the
best American sonata submitted for
violin and piano in 1917.

Mr. Salsavski and Miss Towler
both showed splendid technique and
musicianship in their interpretation
of this selection, which found favor
with the audience, who responded
spontaneously with hearty applause.
Each was presented with a bouquet
of red and white carnations.

The next number was by Gertrude
Ross at the piano, assisted by Jessie
MacDonald Patterson, soprano, and
consisted of three songs of the desert,
"Sunset in the Desert," "Night in the
Desert," and "Dawn in the Desert."
The composer told a very interesting
incident in connection with having
these pieces accepted by the publish-
ing houses. She stated that she ap-
preciated what the Glendale Music
club is endeavoring to do for Amer-
ican music and American composers.

Violin solos by Alexander Sas-
lavski, accompanied by Merrianna
Towler at the piano, interpreting
"Sonata in A Minor" (first move-
ment) and "In the Highlands," both
composed by Helen Livingstone of
Los Angeles, and "Call of the
Plains," by Rubin Goldmark, con-
cluded the program.

The music lovers of Glendale who
were fortunate enough to have an op-
portunity to enjoy last night's enter-
tainment eagerly greeted these arti-
sts at the close of the evening and
expressed appreciation and praise.

Committee in Charge
The committee in charge of the
entertainment consisted of the fol-
lowing members of the executive
committee: Mrs. Mattison B. Jones,
President; Mrs. Catherine Shank,
Mrs. Spencer Robinson, Mrs. E. N.
Hagood, Mrs. Charles L. Marlenee,
Mrs. Warren Roberts, Mrs. Dora L.
Gibson, Mrs. Frank Arnold and Mrs.
Calvin Whiting.

This committee, assisted by Mrs.
C. E. Huthinson, president of the
Tuesday Afternoon club; Mrs. John
Ray, Mrs. Charles A. Parker, Mrs.
Gladys Gibbs Sherman, Mrs. Free-
man Kelley, Mrs. Eva Cunningham,
Mrs. Leroy Bosserman, Mrs. A. M.
Draper, Mrs. Vivian Webb, Mrs.
Helen Cole and Mrs. E. W. Kinney,
were members of the reception com-
mittee which received the artists who
took part in the program at the close
of the evening. Punch was served
by Mrs. Colin Cable, Mrs. Calvin
Whiting, Mrs. Alexander Mitchell,
Mrs. Alma Gibbs and Miss Gertrude
Champlain.

The girls' glee club of the high
school acted as ushers for the eve-
ning, including the following mem-
bers, who were in charge of Miss Vir-
ginia Huntley: Mildred Stanford,
Dorothy Pearl, Lura Baldwin, Louise
Hollenbeck, Marion Grey, Hope Ire-
land, Millicent Alvord and Margaret
Frazee.

Cardinal Gibbons
in the March "American," just be-
fore his death, says some splendid
things. Among them, "The Law
of God is the law of thrift." . . .
"I have seen millionaires, whose
wealth seemed without limit,
caught and made paupers in a
period of business reaction. They
had lived too lavishly and had
reached out in their greed too
far. . . . Waste nothing, as
nature wastes nothing. Expect
some bad years as nature expects
them and provide for them by oth-
er years of abundance. COUNT
ON THE ROUTINE EFFORT OF
YEAR AFTER YEAR, as nature
counts on the unending and un-
changing procession of the sea-
sons. THIS, and not luck, or the
rich fruits of speculation, is the
real secret of success."
Profound wisdom from this
great American! How can such
thrift be practiced so systematic-
ly as in the payment of life in-
surance premiums?

General Decline In Stock Market Prices

NEW YORK, April 2.—Prices ex-
perienced a general decline in to-
day's short session on the stock mar-
ket, with several issues showing a
bad break before the close.
Following an early rally, Studebaker
reacted to 72 1/2, a new low for
the week, in the last half hour, clos-
ing at 72 1/2, a net loss of three points
for the day. Crucible also sold down
to 82 1/4, off 3 1/4, but closed at 83 1/4.
Chandler held up much better than
Studebaker, losing only 1 1/4 at 78 1/4.

DYNAMOS CLUB HAS BANQUET; OFFICERS ARE INSTALLED

VARIOUS COMMITTEES NAMED
TO CARRY ON WORK OF
'LIVE' ORGANIZATION

One hundred and fifty members of
the Dynamo club of the First Pres-
byterian church and their parents
celebrated Thursday night the close
of the first term of the fastest grow-
ing organization of Glendale. Six
months ago the young men organized
with twenty-five. The roll has
jumped from its infancy into a full
organization of three times that
number.

The club's six-piece orchestra, com-
posed of Warren Meeker, saxophone;
Ira Hill, bass; Herbert Brooks, viol-
in; Bill Trester, drums; Zeneth
Smith, cornet; Del Mar Wheeler and
Ralph Van Horbeck, pianist, filled the
banquet hall of the church with beau-
tiful music during the evening, which
sharpened everybody's appetite for
the delicious cocktail which consti-
tuted the first course. The club's
quartet sang to the delight of all
"Little Willie." William Farnar stag-
ging first tenor; Kenneth Wilde, sec-
ond tenor; Del Mar Wheeler, bari-
tone; and Joe Rhodes, bass.

Vote of Thanks
Chairman Earl P. Hammond made
several important announcements
and called for a vote of thanks for
the women who, under the supervi-
sion of Mrs. J. J. Davis, made possi-
ble the next courses, pressed veal, po-
tatoes au gratin, creamed peas, carrots,
rolls and coffee. These were grace-
fully and systematically served by the
Misses Zoe Thompson, Linda Gertz,
Florence Babcock, Mildred Meeker,
Ruth Waterman, Virginia Eastman,
Hope Ireland, Helen Engle, Babe
Hoskins, Irene Whittaker and Miss
Mildred Cole, who supervised the
beautifully decorated tables and the
purple and orange favor baskets full
of nuts and after-dinner mints.

Following a solo by Joe Rhodes,
"A Gipsy Love Song," accompanied
by Mrs. Mullen, a polka-dotted sun-
shine salad was served. While the or-
chestra played beautiful strains of
music, the charming maidens served
the fourth and last course—Chinese
gold and American purple triangle
ice cream, to match the club's colors
and emblem—was delicious with an-
gel's food cake.

C. A. Brownell Speaks
E. P. Hammond, chairman, had
the distinguished honor of introduc-
ing C. A. Brownell, retired advertis-
ing manager of the Ford Motor Car
company, who gave a thrilling talk,
full of humor and sound judgment,
of the grave problems that confront
the youth of today. For example, he
used Mr. Ford, who, through thought
and concentration, has made possible a
billion-dollar auto manufacture,
which is the largest in the world and
turns out an auto every two minutes.
And at that, Mr. Ford was accused
by an European duke of factory in-
efficiency, for a "sucker" was born
every minute while it took him two.

Mr. Brownell's strongest appeal
was for young men to get into busi-
ness for themselves, and always trust
the patient observer, Jesus Christ.

Jesse E. Smith, local Ford agent,
made possible having Mr. Brownell
of Detroit.

Joe Rhodes, with his deep bass
voice, sang "Boy of Mine," accom-
panied by Mrs. Mullen.

Installation of Officers
Rev. Edmonds, after a few very
interesting incidents and advice, in-
stalled the following officers: Presi-
dent, Dickson Fink; vice president,
Bruce Kurtz; secretary-treasurer,
Aage Berg; corresponding secretary,
Harold Majors.

The following committees were
named: Social service, Floyd Cul-
ver; social, Roy Masor; devotional,
Fred Stoffer; athletic, Warren Meek-
er; flower, Percy Jewell; music, Del-
mar Wheeler; editor, E. P. Ham-
mond.

These officers and committees are
to carry on the work started by the
retiring officers: President, Earl P.
Hammond; vice president, Clair
Staley; secretary-treasurer, Edward
Smith; recording secretary, Everett
Anderson. Committees: Social serv-
ice, Walter McIver; social, George
Stanley; devotional, Harold Majors;
athletic, Kenneth Wilde; flower, Wil-
liam Alexander; music, Bill Farnar.

Fred Hoffman, superintendent of
the club, made some very appropriate
remarks and commendation for the
zeal and diligent work of the club's
retiring president and his co-work-
ers, and his appeal to the new offi-
cers was to keep the ball rolling.

President Speaks
The retiring president, E. P. Ham-
mond, gave an account of the term's
work and a brief outline of his pol-
icy of the past six months. The new
president, Dickson Fink, gave in a
few words his plans for extending the
wonderful work of the Dynamo club.

Dr. Hubbard Speaks
Dr. Hubbard of the Bible institute
gave the closing address, taking his
auditors for a brief time into the
Holy Land, repeating more vividly
the story of Lot and Abraham and
the disastrous results to Lot, who
tried to take the best of everything
and in doing so lost all—a warning
to all.

We Wash Them All

"My Thor works like a motor car"

THE machinery, which is entirely enclosed, is shaft-driven by smooth-running, silent gears. No exposed chains or belts to endanger hands or clothes, no flimsy construction to get out of order easily. Just a simple, accurate, splendidly-built mechanism, that operates the working part in an amazingly efficient manner. As for the working part itself, any woman who owns a Thor will tell you it cleans clothes more quickly than any other machine, without the slightest harmful friction.

Of course, you'll want a Thor. Ask to see one demonstrated. Learn about the easy terms.

Local Elks Contest With San Fernando

Manager Vincent Salmacia of the Elks' baseball team will take his ag-
gregation to San Fernando tomorrow
afternoon for a game with the team
representing that town. The boys
have been playing in hard luck, hav-
ing lost the last few games by the
margin of a lone run, and will do
their best to break the streak tomor-
row.

Sebastian Sells One Store; To Run 2 More

Sebastian's grocery No. 2 at 1127
North Central avenue in Casa Verdu-
go has been sold to the firm of Gray
& Gray, after E. G. Gray had been
managing the establishment for the
last six months. In making this
change, R. M. Sebastian states that it
is his intention to double the floor
space in store No. 1 at 145 North
Glendale avenue and also establish
two more groceries, one of which
will be located in Glendale. His son,
Howard, is associated with him in
the business and has been up a thriving
trade at the Glendale avenue
place of business. As a result, a
three-year lease has been taken on
the adjoining room and the partition
will be removed, thus giving them
space for additional stock. The
other enterprises mentioned are
awaiting the completion of buildings.

when he is not playing in the histori-
cal drama. Mr. McGroarty also has
his home in the Tujunga hills and un-
doubtedly it was he who interested
Mr. Warde in making it his domicile,
while in California. He has a per-
manent home in New York state.

Church Club Goes To Athletic Meet

The 4-C Club of the Central Ave-
nue Methodist church held its regu-
lar monthly meeting Thursday night
in the way of an excursion to the Los
Angeles Athletic club to witness the
annual amateur athletics gymnastic
tournament, the leader, H. L. Mitch-
ell, acting as judge in several of the
events. All of the features were in-
tensely interesting to the boys be-
cause of their own activities along
the line of tumbling and other forms
of gymnastics. The group included
Allie Baker, Jim Griffin, Don Frahm,
Norman Frahm, Ruthford Wallace,
Don Walton, Charles Rombo and Tom
Smead.

Business Meeting Is Held By Class

A business meeting of the First
Methodist Sunday school class of
Miss Lavera Kitterman was held at
her home, 311 North Kenwood street,
last night. On account of the presi-
dent being promoted to another class
it necessitated the election of offi-
cers, as follows: Jenice Cecil, presi-
dent; Charlotte Cleveland, vice-presi-
dent; Pauline Wilson, secretary-
treasurer. After the business meet-
ing the evening was spent in making
candy and playing games.

Weak Valve Springs Cause Of Poor Work

Weak valve springs cause endless trouble in promoting engine operation. Whenever the valves are removed the springs should be measured to see that they are of the same size. If one spring is short it either will have to be stretched or a plate placed under it, to increase the pressure.

In the 48 states in the union, there are "48 varieties" of motor vehicle laws under which regulations motor transportation must be operated.

AUTOMOBILE IS NO LONGER LUXURY

Many people are prone in these days to point to the automobile as a luxury. To them it typifies a spirit of waste and extravagance. But the automobile is no longer a luxury. It is a necessity. Without it we could not handle our food supply nor transact the essentials of the day's volume of business.

Regardless of the health and recreation features of the automobile industry, and those are varied and important, the business of the country would be seriously crippled by anything that might materially interfere with motor production.

We are geared to a new place in this generation, and the development of the automobile has accomplished that speeding up. We can not go back to where we were even a decade ago. The automobile was a luxury then, just as the airplane is today. It is a necessity now, just as the airplane may be in another generation if the progress made in aviation is on a par with that recorded by the automobile industry in recent years.

The automobile figures in our work and play. It has expanded our capacity for accomplishment and our field of enjoyment. Next to the railways of the country it is the greatest factor in the daily life and business of the people. To class it as non-essential is not only short-sighted but an indictment of frivolity against the present generation of Americans who have created the demand that has developed the automobile industry within a few years from nothing to second on our list.

Looking all the facts squarely in the face it is not possible to deny that the automobile industry in America must of necessity grow still larger, if only for the reason that the entire world, and not merely one nation, is its market.

Never Force Spark Plugs, Is Advised

Spark plugs should never be forced into position by severe wrench action. They should seat firmly against a copper asbestos gasket with but little more force than can be applied with the fingers.

EVEN 100 FORDS SOLD IN MARCH

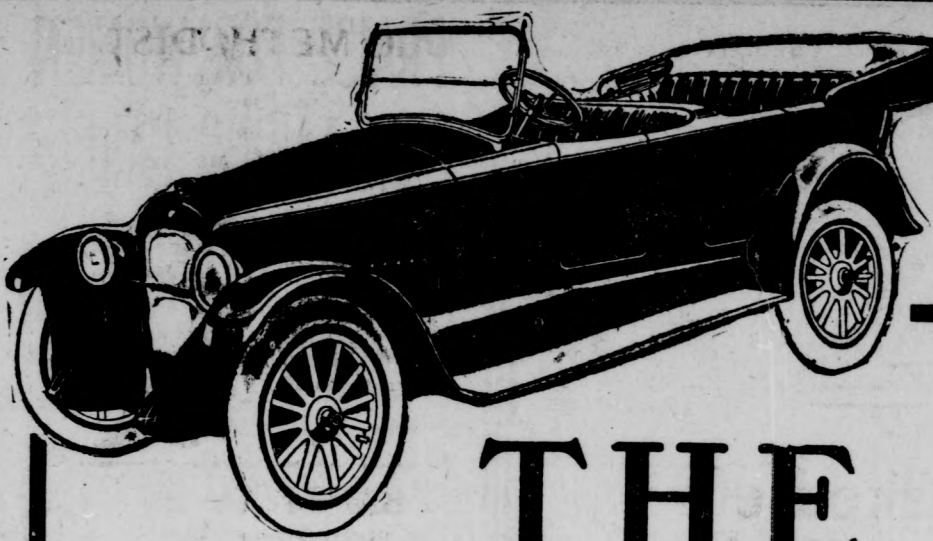

GREAT RECORD BEING MADE
BY LOCAL AGENCY; TEN
CARS TO ONE FIRM

Maurice Healey and Alfred N. Land of Jesse Smith's Ford Agency here closed a deal yesterday with the Southern California Edison company for ten Ford roadsters. This makes the third batch of ten car orders received from Los Angeles commercial houses within the last thirty days, according to Edward S. Lawrence, assistant manager. The others being ten touring car and ten coupe orders.

During the month of March the Ford agency received orders for exactly 100 cars, the last being signed up at 6 p. m. on the 31st, John Seales of the police department being the purchaser.

Jesse Smith is aiming to reach the 125 sale figure in April and to stimulate the work of his salesmen he is offering a bonus to the one bringing in the largest number of orders during the month.

Placing the life of the average automobile at between four and five years, it is estimated that practically 1,500,000 cars will go to the scrap heap this year.

WILLIAM S. HART IS BANK ROBBER

ONLY IN PICTURE, OF COURSE,
AND THAT'S BEING SHOWN
AT PALACE GRAND

William S. Hart rode into a bank in a small town the other day and took \$5000 from the cashier, making his escape to the hills with little difficulty. He committed this crime to ingratiate himself with "the Hill gang" which had been menacing the town for some time, in order to catch a fugitive from justice who was under the protection of the bandits. He was exposed later and barely escaped with his life, owing to the help of the very man he had come to capture, who befriended him because he, in turn, had befriended the fugitive's sister.

Being a member of the Canadian mounted police, Hart had to take his man. But on this side the border, he found he could not bring himself to repay kindness by placing the youthful slayer's neck in the noose, so he left him and going to headquarters, resigned. The colonel thanked him and told him he would have done the same thing in his place. Then Hart went back to marry the girl, presumably.

That's the story in a nutshell of "O'Malley of the Mounted," by William S. Hart, adapted and directed by Lambert Hillyer, which will be shown at the Palace Grand theatre today only.

"Edgar the Explorer" is the Booth Tarkington comedy thriller that adds a bit of humor to the program, while "Light Cavalry," "Noah's Wife," "Kiss a Miss" and "Siren" are the musical numbers.

And, oh boy, what a treat for Sunday, Monday and Tuesday. Charles Chaplin with Jackie Coogan co-starring in "The Kid" will have a record run at the Palace Grand. It comes direct from the Kinema in Los Angeles—and at Jensen's prices. It is said to be Charlie's best, at least it was the most expensive.

Care Of Battery Means Greater Pep

Did you ever wonder why the engine does not show the accustomed pep or why the lights burn dimly or the ignition seems poor? Unfasten the wires and bars at the battery terminals and notice if they are clean. They must be clean if the current is to flow freely. Scrape off with a stick any green or white deposit you see, and spread a little cup grease over the parts to prevent corrosion.

Day & Night Garage Is Proving Popular

A branch service station for the Willard batteries in Glendale has been established at the Day & Night Garage, 217 East Broadway, according to E. W. Kingsley, who with L. T. Rowley conducts the twenty-four-hour, wide-awake automobile repair shop.

This offers facilities for recharging and repairing batteries at night and on Sundays in Glendale. As a "trouble shooter" and tow car are available at all hours, there is no reason now for motorists in this vicinity to worry about mechanical troubles.

Surprise Party Is Enjoyed By Friends

Mrs. E. L. Carr of 1327 South Glendale avenue and Mrs. A. M. Carpenter entertained with an April Fool's surprise party in honor of her daughter, Kathleen Carr, and Evalene Carpenter, at the home of the former last night.

Prizes were given Audrey Haynes and Goldburn Danner for having made the best-dressed dolls out of clothespins. Games were played and refreshments of sandwiches, fruit salad, olives, hot chocolate, pineapple ice-cream, cake and candy were served. The guests were Audrey Haynes, Dorothy Howe, Helen Page, Evalyn Sullivan, Mae Sullivan, Martha Carpenter, Carolyn Bly, Kathleen Carr, Evalene Carpenter, Mrs. Pearl Moore and the hostesses, Mrs. E. L. Carr and Mrs. A. M. Carpenter, Goldburn Danner, Charles Boring, Ely King, Benton Moore, Joseph Forbes, Earl King, Billy Carr, Frank Carr, Richard Ryan, Wilfred King and Mrs. Bray and son Valdemar Bray, Jr., of Los Angeles.

Carlton West Makes Record In Athletics

Carlton T. West of West Elk street, a former student of the University of California at Berkeley and now attending the southern branch of that institution in Los Angeles, is making quite a name for himself this year in athletics. To date he has played with the varsity team in basketball and tennis, and at present is a member of the baseball squad.

It will be remembered that S. B. U. C. won the Southern California conference basketball championship this season, and Carlton, as a member of the winning aggregation, has been presented with a solid gold medal. Young West is a former student and star athlete of the local high school, having graduated in 1917.

Tractor Made Into Wagon Very Easily

A Missourian has designed a farm tractor that can be converted into a road wagon, the drive being through the front wheels, while two wheels replace a single rear wheel when it becomes a truck.

STANDS SECOND IN CANADA

Saskatchewan, with a total of 60,352 automobiles and 424 motorcycles, now stands second in Canada in regard to the number of registered motor vehicles.

Alarm If Auto Be Moved By Bandits

An automobile-theft alarm devised by a Nebraska inventor utilizes the drive shaft to operate its own bell or horn signal when the car is moved improperly. A friction gear, thrown into or out of engagement with the shaft by a cam, is enclosed with the alarm in a riveted steel case, fixed to the shaft housing and radius rods. The cam also short-circuits the magnet, so that turning the key in the lock stops the engine and sets the alarm. The lock is located in the floor or the driving compartment.

PRAISE FOR WOMEN IN TAKING CARE OF BATTERIES

H. M. KUHN, LOCAL WILLARD
DEALER, SAYS FAIR SEX
FOLLOW DIRECTIONS

"Very few women have a natural bent for mechanics," says H. M. Kuhn, local Willard Service Station dealer, "but when it comes to taking care of a storage battery they average up a great deal better than the men. It is easy to make a woman understand that a battery has to be taken care of, and after this point is made clear, she usually takes particular pains to follow directions and do regularly the few simple things that are necessary to keep the battery in A-1 shape.

"Perhaps it is because women are used to caring for plants that they do so well in caring for batteries, but whatever the cause may be the result is a longer-lived, more useful battery.

"Another thing about most women is that they do not abuse the battery by keeping the motor spinning when the engine refuses to start right away. They are not satisfied, as a rule, unless everything about the engine and starting equipment is working perfectly, and when it isn't they usually take a short cut to the nearest service station to find out just what the difficulty is."

Here's Tip On Trip To Take On Sunday

San Francisco canyon is a pleasant place to go tomorrow, according to a Glendale motorist who visited there last Sunday.

That is if you are not going to Santa Barbara or Ventura counties where the fishing season has opened.

San Francisco parallels Bouquet canyon and in this myriad of spring fern and flowers and trees you will find one of Los Angeles municipal power houses which utilizes the aqueduct water as it rushes down to the city.

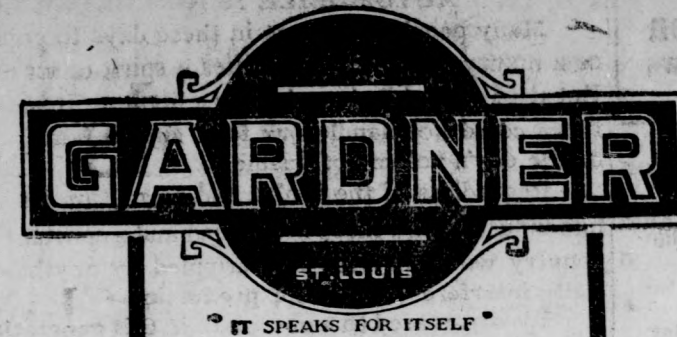

There is a 500-foot drop where the water plunges against the powerful turbines to turn the wheels of industry. Employees at the station gladly escort visitors about and picnic grounds adjacent make the trip most pleasurable.

The weather man must be trying to capture the vote of the floating population.

Face powder, during 1920, was sold to the amount of \$50,000,000 in this country.

France is credited with having the finest system of keeping roads in repairs in the world.

Four per cent of the output of steel in this country is consumed in the production of motor vehicles.

"The Gardner Standard 100 PER CENT. VALUES: every transaction must be a satisfactory one."

When you carefully examine the Gardner in comparison with other cars in a similar class, note the details.

After all, the biggest things in life are the little things and in the designing and perfecting of this car the Gardner organization has paid particular attention to the little details.

A little more comfort here—something handy there—a touch of style in another place—a little better finish in another—all through the construction of the car you will find the little details carefully guarded and perfected.

The result is a harmonious and well-balanced automobile that is pleasing to the eye, comfortable to the occupant and gives a sense of power and security to the driver.

MANY FEATURES TO ATTRACT NOTICE TO NASH CAR

E. B. SUTTON IS ENTHUSIASTIC
OVER VALUES FOUND ON
POPULAR AUTOMOBILE

When E. B. Sutton of the Glendale Nash Sales speaks about the car which he represents in Glendale, he gets enthusiastic. Here's what he says:

"The perfected valve-in-head motor of the Nash Four is as distinctively a Nash achievement as the famous perfected valve-in-head Nash Six. It possesses great power, is quiet and economical of operation and a most dependable power plant.

"The body design of all models is expressive of that beauty and utility for which the Nash cars have become known throughout the country. The well-finished bodies of the touring cars and roadsters of Nash blue are generously upholstered and each is exceptionally roomy and comfortable. In fact, every detail of finish, appointment and equipment of these cars represent the highest value."

To better display the various Nash models, Mr. Sutton has just completed remodeling and redecorating his show rooms at 207 North Brand boulevard.

Buy Used Car From Reputable Dealers

Ever buy a second-hand horse? Chances are you did if you belong to the generation who once depended upon oats instead of gasoline as a fuel. For, when you come to study the matter over, by far the bulk of horse selling was done with "used horses" as the commodity in question. Some of the rules which furnished a guide in buying "used horses" still apply today in the matter of buying used automobiles. The buyer of a used automobile enjoys a number of advantages that the buyer of a "used horse" never knew.

If you ever bought a horse, the chances are you felt a good deal easier in your mind about your purchase if you knew the man you made your purchase from. The "used horse" you bought from a traveling horse trader was apt to develop serious defects in his carburetion or his transmission. It's a good deal safer matter, by the same token, to buy a used automobile from a dealer whom you know by reputation at least, and who is a fixed part of the business life of your community.

THE UNIVERSAL CAR

Motor with Comfort—In a Ford Sedan

When you ride in a Ford Sedan or Coupe, you ride in comfort—weather holds no fear for you. A minute, and your car is transformed. Windows down, windshield open—the Ford Coupe or Sedan affords the coolness and breeziness of the open car. Windows up, windshield closed—and you are protected from rain, wind, sleet or snow.

And bear this in mind. The Ford Sedan costs you no more than the ordinary open car. In fact, the Ford Sedan costs you less to buy, war tax included, than any touring car manufactured in the United States, except, of course, the Ford. Compare the prices yourself.

Come in—let us show you the Ford Sedan or Coupe. Better get your order in now while prompt delivery is possible. And never forget the matchless "Ford After Service" given Ford owners by Ford dealers means the continuous use of your car.

DORT BODY DESIGN OF REAL BEAUTY AND SERVICE

NEW MODEL IS BEING SHOWN IN CITY BY FIRM OF C. A. WISHART & SON

"Attractive body design, finish and refinements," according to A. H. Wishart, junior member of the firm of C. A. Wishart & Son, "are constantly becoming more important elements in the public's selection of motor cars."

"The prospective purchaser," Mr. Wishart says, "realizes that so long as he confines his selection to an established make of car, which, like the DORT and Reo, which we handle, has been made and sold over a period of years in constantly increasing numbers, he cannot make a mistake so far as construction and performance are concerned. If the car was not good its maker could not have continued in business."

"His problem then becomes one of choosing a car within the limits of his purse, having such an appearance of style and class that he can feel in using it that 'pride of ownership' which his investment justifies. Lines of Permanent Beauty

"The DORT factory, in bringing out their new model, has spared no effort or expense in giving it those lines of permanent beauty which make a man happy in the possession of his car."

Ammonia Spoils Car Finish, Is Declared

Some car owners are using ammonia solution to brighten up the hood when the latter has become dull. This is bad practice, though the immediate results seem to be good. Ammonia destroys the finish and should not be used; in fact, body makers and varnish concerns give strict instructions to keep the car away from stables and barns so that the ammonia from the manure will not injure the body finish.

STARS WILL ATTEND GLENDALE THEATRE

"HIS HANSOM BUTLER" PREVIEW
WILL BE GIVEN TONIGHT;
LEADS WILL ATTEND

Another gala night is scheduled for the Glendale theatre today. Manager W. A. Howe announces a preview of "His Hansom Butler," one of the biggest and funniest comedies yet produced, and all of the stars of the picture will be present in person. They are Eddie Barrie, Helen Darling and Harry Gribben.

A rushing torrent in the Santa Barbara mountains furnished the location for a "cutback" in Harry Carey's latest photoplay, "Hearts Up!" at the Glendale Theatre today only. Two dozen people, three cameras, several horses and pack mules camped for several days in an unfrequented canyon to obtain a scene

which runs less than a minute on the screen.

Also the latest news will be shown with "Urban Movie Chats" and Monte Banks in his latest comedy, "Kidnapers' Revenge." Just about a three-hour show for today only.

Tomorrow and Monday Eva Novak stars in "Society Secrets" and Tuesday and Wednesday something unusual in filmdom happens. Harry Gribben, who is in tonight's preview, co-stars with Miss Novak in "Up in Mary's Attic."

Mr. and Mrs. Tarr Are Party Hosts

Mr. and Mrs. F. A. Tarr of 246 North Jackson street entertained last night with an April fools' party. The first amusing event of the evening was the serving of what appeared to be hot tamales, but which upon opening were found to contain sawdust. After much merriment real ice cream and cake was served. Music and games occupied the evening. The guests were Mr. and Mrs. Bob Miller of Burbank, Dr. and Mrs. C. M. Taylor, Mr. and Mrs. Henry Freed and Mr. and Mrs. A. G. Evans.

Nevada Plans Road Race Of 1000 Miles

RENO, Nev.—Plans for an automobile road race in Nevada of 1000 miles during the first week in June have been announced following a conference of several Reno automobile dealers with officers of the Nevada Highway association.

The route, which starts and ends in Reno, includes the cities of Lovelock, Winnemucca, Elko, Wells, Ely, Tonopah, Mina, Hawthorne, Wellington, Gardnerville, Minden and Carson City, and practically circles the state. Prizes aggregating over \$3000 and three loving cups will be awarded the successful drivers. The entrance fee has been placed at \$50 and ten local dealers have already paid the entrance money.

INDEPENDENCE OF PROFITEERS
Private automobile owners in Buenos Aires have formed a limited liability corporation with a capital of 1,000,000 pesos, to obtain independence of the profiteers. The organization will furnish garage service, oil, gasoline, and supplies to members at cost prices.

ECONOMY AND ALSO RELIABILITY IN OAKLAND CAR

MAX GREEN ADVANCES SOME REASONS WHY AUTO IS HIGH IN POPULARITY

"Economy, as exemplified in the Oakland Sensible Six, primarily means competent and reliable performance at the lowest possible cost," said Max Green of Green & McClellan.

"It means also that degree of dependability which enables the Oakland owner to use his car day in and day out, with the minimum necessity for repair. It includes likewise that roominess and comfort which make the Oakland delightful as well as profitable to the man or the family that possesses it."

"And it involves the stability of design, that soundness of construction, which are responsible for the Oakland's relatively high re-sale value."

Factors in Oakland Economy
"Chiefly important in Oakland operating economy is the six-cylinder Oakland engine of overhead-valve design, the type used in all airplane and racing car engines."

"Because its overhead-valve cylinder is the nearest commercial approach to the ideal combustion chamber, this engine delivers more power than others of similar size. Aiding its efficiency are very light but strong reciprocating parts which minimize vibration, a superior method of vaporizing fuel, and the best lubricating system yet devised. In no other motor car in the world at Oakland's price can you get these important features, and the able, flexible and economical performance consequent upon them. Supplementing the Oakland engine as a factor in operating economy is the simple, strong and lightweight Oakland chassis. This chassis embodies the best principles of accepted engineering practice, and does so without burdening the car with a single pound of unnecessary weight."

"It plays an essential part in delivering the Oakland owner a measure of combined efficiency and low cost from his car which we believe is without rival in any other automobile. It helps the Oakland owner realize more miles from the gallon of gasoline, more power per pound of car weight, quicker getaway, easier hill-climbing and greater flexibility, than are available in any other car at anywhere near the Oakland price."

Source of Oakland Value
"These and other phases of Oakland economy are based, fundamentally, upon the policies, methods and manufacturing resources of the Oakland company."

"The very low purchase price of the car is a direct result of the concentration of Oakland's whole energies upon the production of a single chassis type of proved capacity."

"The remarkable serviceability of the present Oakland is directly due likewise to six years spent by its builders in the development and refinement of this type of car."

"The company behind the Oakland is today the world's seventh largest manufacturer of automobiles, and an important unit of the General Motors corporation, the largest automobile producing organization on earth."

Woman Keeps Tab On Redding Roads

REDDING—This city claims the distinction of having one of the few women who supply motorists with data as to road conditions.

She is Mrs. Stella M. Ludwig, daughter of Ernest Vogel of Susanville, and is associated with the local office of the State Automobile association.

Mrs. Ludwig dispenses information from the association office here to motorists passing north and south through the city. She has first hand information on roads, distances, elevations, etc., on all points in superior California and southern Oregon.

Unique Program Is Presented Guests

A business meeting of the Christian Endeavor Society B of the First Presbyterian church was held last night at the home of Miss Josephine Rettberg, 1136 East Colorado street. The meeting was called by order of the president, Everett Anderson. Plans for the evangelistic meetings to be held in Glendale beginning April 17 were talked over. After the business meeting a social evening was enjoyed, the committee in charge of which consisted of Mary McDill, chairman; Marjorie Smith and Stella Bellue. Everything was in accordance with April fool day. At the door the guests were greeted by a mysterious person who handed the following program to all comers:

Doings of the nite
1. Rum Inn
2. Go up stairs to Bed where there is A & B and remove raps and Fire Arms.

3. Hide them to prevent loss;
4th. descend stairs, as Elevator is in the celler broke?

P. S. Remember the furnitoor and karpets is ours. Sum of the dishes is borrowed, so dont brake enny. We reserv the wright to kount the spunes and tu serch all Guests before they leave.

Refreshments were served at the close of the evening. Those present were Mary McDill, Stella Bellue, Marjorie Smith, Nellie Warner, Marie Meier, Jeanette Heideman, Ella Dockter, Elizabeth Edmonds, Margaret Pardon, Ethel Preston, Josephine Rettberg, Sabin Buck, Fred Hoffman and Everett Anderson.

Mrs. G. D. Roach Is Luncheon Hostess

"All Ye Who Enter Here Leave Your Dignity Behind." This was the sign which greeted the guests invited to attend an informal luncheon yesterday at the home of Mrs. G. D. Roach of 459 Milford street. The luncheon, which was served cafeteria style, and decorations were carried out in green and gold. The afternoon was devoted to stunts appropriate to the day, April 1, which proved very amusing, bringing out the talent of the ladies as comedians.

Some of the numbers given were: A humorous song by Mrs. A. M. Draper, accompanied by Mrs. J. A. Wright on the piano; reading by Mrs. C. A. Parker, with piano accompaniment by Mrs. L. N. Hagood; several pianologues, Mrs. L. N. Hagood, and other piano numbers, some of which were classical, and all of which were much appreciated. All of the other ladies contributed stories and so forth to the program. In compliment to the mothers, Edgar Guest's poem "Mother" was read by Mrs. C. A. Parker, and a volume of his poems was presented to Mrs. Needham, who, it was decided, had told the most amusing story. Mrs. Roach was assisted in serving by Mrs. A. H. Lapham.

The guests were Mrs. C. A. Parker and mother, Mrs. Cowan, and sister, Mrs. Meadows, Mrs. A. M. Draper and mother, Mrs. Hogan, Mrs. Frank Ayars and mother, Mrs. Carrie Needham, Mrs. A. H. Lapham and mother, Mrs. Wagner, Mrs. J. A. Wright, Mrs. L. N. Hagood, Mrs. Julia C. Perkins and Mrs. J. I. Wernette.

FUNERAL MRS. C. L. SEARNG
Funeral services for Mrs. Catherine Lord Searng of Fullerton, formerly of Glendale, will be held Monday afternoon at 3 o'clock, from the Little Church of the Flowers, interment at Forest Lawn cemetery. Dr. Soper will officiate.

Machinists in automobile factories earn from \$28.80 to \$44 a week, plus time and a half for overtime and holidays.

COMPARISON

Is the basic principle of wise buying, and if you are considering the purchase of a new motor car you owe it to yourself to compare the new

with other cars which you may have in mind.

The DORT is the Kind of Car You Will Take Pride in Owning

Every time you park your DORT beside a costlier car you will more fully realize its excellence of design, finish and workmanship.

Compare the performance of its powerful motor, and the construction of its sturdy chassis.

Compare, by inquiry of DORT owners, the service which it renders in daily use.

Compare its style with others, with a view to determining which car will be in good taste two or three years from now, and which will be hopelessly out of date.

The DORT is up-to-the-minute, and of a design which will endure.

The surprise is that so much class, sturdiness and power can be built into one car, and that car still sell at the low price of

ORDINANCE NO. 435

AN ORDINANCE ORDERING THE OPENING, WIDENING AND LAYING OUT OF STANLEY AVENUE IN THE MANNER CONTEMPLATED IN ORDINANCE NO. 420 OF THE CITY OF GLENDALE.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

SECTION 1. That the public interest and convenience require and the Board of Trustees of the City of Glendale hereby orders the following improvement to be made, to-wit:

That Stanley Avenue be opened, widened and laid out from the westerly line of lot 82 of the Watts subdivision as per map recorded in Book 5 Page 201, Miscellaneous Records of Los Angeles County, California, to the westerly line of Verdugo Road in the manner contemplated in Ordinance No. 420 of said City, approved and adopted on the 27th day of January, 1921, to which said Ordinance reference is hereby made for all particulars regarding said improvement.

SECTION 2. The City Attorney is hereby directed to bring an action in the name of the City of Glendale in the Superior Court of the State of California in and for the County of Los Angeles for the condemnation of the property described in the Ordinance hereinbefore referred to and necessary and convenient to be taken for the improvement therein and in Section 1 hereof mentioned against all owners and claimants of said property or any part thereof.

SECTION 3. The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the Glendale Evening News, and thereupon and thereafter it shall take effect and be in full force.

Adopted and approved this 31st day of March, 1921.

DWIGHT W. STEPHENSON,
President of the Board of Trustees of the City of Glendale.

J. C. SHERER,
City Clerk of the City of Glendale.

STATE OF CALIFORNIA,
COUNTY OF LOS ANGELES,)

JOURNEY WITH SUN BEHIND BACK FOR ALL DISTANCE

TRIP OF MORE THAN HUNDRED MILES IN COMFORT; TRY IT ON YOUR FORD

Here is one of the best trips you can find on a little over one hundred mile jaunt in your Ford car. The plan of this trip is so arranged that you will have the sun at your back during the entire time you are driving, thus you eliminate one of the annoyances in taking a trip in the morning with the sun in your face and when it has come time to return you find that the sun has fooled you and is now again facing you.

Starting, say, at 10 o'clock from Los Angeles, drive down Wilshire boulevard to Santa Monica, then take the road which leads to the Malibu ranch and drive as far as Malibu creek. This will probably take you in the neighborhood of an hour and a half. The scenery down at this part of the beach is superb and is not surpassed anywhere along the coast. You have the mountains back of you and stretches of surf breaking on the rocks and long stretches of beautiful beaches. It might be wise to take a bathing suit, for if you are driving a Ford sedan, you can very well change right in your machine.

Hungry After Your Swim

By the time you have taken your swim, it is more than probable that you will be good and plenty hungry. After your picnic lunch has been eaten it will perhaps be around 2 o'clock and time to continue your journey to other neighboring beaches in order to return home before dark.

Follow the same road you took to the Malibu creek toward Venice at the junction of the roads at Santa Monica. This is the coast boulevard and will take you as far as Redondo. From Redondo follow the Wilmington boulevard to San Pedro, and the Anaheim road to Long Beach. From Long Beach to Seal Beach take the Ocean Avenue park boulevard. By the time you reach Seal Beach, it will be late in the afternoon and time to start back to Los Angeles in the cool of the evening. Take the Downey-Norwalk-Artesia road to Whittier and the Whittier boulevard back to Los Angeles.

Sun Is Behind Your Back

After you have taken this trip, you will perhaps wonder why your eyes do not feel strained. The reason is that in the morning the sun was behind you and on your way back it has seemingly turned around and you have old Sol's bright rays at your back.

The total mileage of this jaunt will probably range around 125 to 135 miles all told. If you started at 10 o'clock in the morning, took two hours for lunch and a swim you ought to cover the one hundred and some odd miles and be back at your starting point by 5 or 6 o'clock.

Surprise Party Given For Oscar Whitaker

Mr. and Mrs. Homer B. Miller of 434 West Burchett street were guests last night at an April Fool surprise party given by Oscar Whitaker in honor of his wife, Mrs. Vera A. Whitaker of Los Angeles. The Whitakers are former residents of Glendale, having lived on West Vine street.

Ex-Cell-O

Is the name that we have selected for our Health Bread that was originated and sold at the Rollin' Pin Bake Shop. We have made arrangements to place Ex-Cell-O Health Bread in every grocery in Glendale. We feel that this is one of nature's best aids and our judgment is confirmed by the continuous use by a large number of Glendale people and the endorsement of Glendale physicians.

This is not a medicine, but a real, palatable loaf of nourishing bread for both adults and children.
